Solar Systems Ltd

COMPANY PROFILE 2025

Our commitment to quality, integrity, and customer satisfaction is evident in every aspect of our operations.

ABOUT US

Emanet Solar Systems Ltd is a leading Kenya-based energy solutions provider specializing in innovative, sustainable technologies for residential, commercial, and industrial applications. With a mission to drive growth through energy efficiency and technological advancement, the company delivers end-to-end services spanning solar power systems (grid-tie, off-grid, water heating, street lighting, and pumping solutions), industrial control panels, automatic voltage regulators, and backup power systems.

Emanet also offers comprehensive security solutions, including alarm systems, CCTV installations, and asset tracking, alongside expertise in air conditioning systems and automated gate design. Committed to being "green power ambassadors," they prioritize reducing operational costs and environmental impact through turnkey renewable energy projects.
